### Dinleme metni

Good afternoon, everyone! I'm Devran, and this is Teen Talk on our school radio.

This week we asked sixty students in our school a simple question: what do you do at weekends?

Most students said they usually meet their friends and chat online. Only a few said they read books.

Sports are popular, too. Many boys and girls play volleyball on Saturday mornings.

And shopping? Well, a lot of teenagers told us they hate shopping with their parents!

Next week, our guest is our music teacher, Mrs Özdemir. She is going to talk about her favourite concerts. See you then!
